

Tangalooma Island Resort, Australia's ideal island conference destination
Fact Sheet Case Study
Asian Paints

Company:	Asian Paints
Length of conference:	Three Days
Number of delegates:	900 +
Conference objective:	Incentive program to motivate suppliers, for hitting sales targets and rewarding hard work

Asian Paints, an international organisation based in Mumbai was looking for a venue to reward hard work by hitting sales targets.

With over 900 suppliers attending over the three day period, Asian Paints required a location that would cater to a large group with vast ages and fitness levels, and still provide a memorable business conference. Asian Paints employed Encompass to arrange the team building activities and entertainment whilst travelling throughout Australia.

"Taking a group to a foreign land is challenging especially when the numbers are large. It is even more challenging again to ensure that each guest is catered for," says Encompass Client Servicing Manager. Ajay Thadini.

Helpful staff, attention to detail, beautiful location, stunning weather and the most magical sunsets was just some of the feedback from the group.

"The overall experience was amazing. The cruise was lavish, the journey was mesmerising, the beach was beautiful and the overall ambience was the complete package," confirmed suppliers of Asian Paints.

"The Tangalooma Island Resort staff were extremely helpful with all our special requirements, from sourcing local Indian Food and a DJ to sand sculptures, sky banners, and team building activities, cheerleaders and courier pickups. Nothing was an issue to John, he was very professional and obliging and made the entire event over the three separate days runs like clockwork".

Boasting over 340 rooms, three food and beverage outlets, event and conference spaces plus the ultimate team building experiences including hand feeding wild dolphins, kayaking through ship wrecks and sand tobogganing , Tangalooma Island Resort has everything on hand to ensure a successful staff conference or incentive package.

The below video shows a good wrap up of the conference:
