ISLAND RESORT
Moreton Island, Qld

ADVENTURE IN NATURE ON A TANGALOOMA SCHOOL CAMP

Your next school camp is only
a 75 minute scenic cruise from Brisbane

www.tangalooma.com/education
07 3637 2160

WHY VISIT TANGALOOMA FOR YOUR NEXT SCHOOL CAMP OR EXCURSION?

- Tangalooma is a family owned & operated island resort located on the stunning sands of Moreton Island and only 75 minutes from Brisbane
- We have a wide variety of curriculum based educational presentations & hands-on nature-based experiences suited to Primary & Secondary classes
- With experienced & passionate staff, we provide a personalised program for each individual school group – because each class is unique!
- Hassle-free booking & planning process with dedicated staff
- Current COVID-19 Safe Plan with parent information sheets & easily accessible Risk Assessments & Waivers
- Competitive student pricing for all group sizes (15-250) throughout the school year, with great discounts available for Term 2 & 3
- Connect with nature in a pristine marine environment & national park, all while learning about conservation & sustainability on a local level
- School camps are all about adventure, self-discovery & new experiences. Tangalooma offers all of this and more on any one of our day trips or overnight school camps. Students will build skills such as:
 - Resilience & Endurance
 - Discipline
 - Improved communication
 - Independence
 - Responsibility
 - Leadership & Teamwork
 - Building closer relationships
 - Building confidence, courage & perseverance
 - Conquering fears

EDUCATIONAL PRESENTATION HIGHLIGHTS

We have over 13 unique educational presentations on offer, as well as the option to create your own personal experience directly related to in-class assessment! Here are 3 of our most popular presentations:

Discover the World of Dolphins

This presentation enables students to learn about the unique dolphin personalities, characteristics, family groups and behaviours in an engaging & interactive delivery. Complement this presentation with our Wild Dolphin Feeding Experience, where students will be able to get up close to wild dolphins.

Our Coastal Environment Presentation & Tree Planting Activity

Find out what you can do to help Moreton Bay! Student groups will identify impacts on marine ecosystems, discuss how our actions on land might affect the oceans, and suggest practical solutions to the problems we face. Students get hands on to help us fight beach erosion by planting a coastal plant and discuss the importance of tree planting along our coastal areas.

Island Explorer Bush Walking Tour

Explore the Gheebulum Coonungai National Park, which covers 98% of the island, on a guided educational bushwalk and discover the native flora and fauna of Moreton Island (Mulgumpin). Students learn about the history of the Island's original indigenous community the Ngugi Tribe, and how they used local plants for food, shelter and medicine.

Educational Presentation Topics

- Sustainability & Conservation
- Marine Science
- Geography
- History & Indigenous Culture
- Eco Tourism & Infrastructure
- Biology
- Hospitality & Tourism
- Health & Physical Education
- Leadership & Team Building
- Humanities

LAND-BASED TOUR HIGHLIGHTS

Climb aboard one of our 4WD Adventure tours and take the ride of a lifetime.

Desert Safari Tour with Sand Tobogganing

Take the classroom off-road and into the Tangalooma Desert, where students delve into the geomorphology of the island, see the 32 types of sand & minerals found just below the surface and get a better understanding of how the island formed many years ago. Groups then take the plunge and toboggan down the 32-meter-high sand dunes that dominate the area.

Northern Safari Tour

Journey along the western beaches on the bay side of the island, passing through the dense bushland townships of Cowan Cowan and Bulwer. Explore North Point before heading to the famous Cape Moreton Lighthouse. Afterwards, the tour heads along Eastern Beach and back across spectacular Middle Road to the Resort. Includes a delicious morning tea and onboard commentary by our expert Tour Guides.

Southern Safari Tour

Explore the Southern end of pristine Moreton Island aboard Tangalooma's Southern Safari Tour. Students experience the raw and rugged beauty of our island coastline, including the untouched and expansive Eastern beach. Southern Safari highlights include the dense bushland and coloured sands of Middle Road, the historic WW2 Rous Battery site, the crystal clear waters of the Mirapool Lagoon, Big & Little Sandhills, Koorinal Township and the Normandy and Fairlight Wrecks.

Rotating Beach Activities

Get active out on the beach with our rotating beach activities. Great for both small & large groups looking to include team building activities in their program, while enjoying the pristine beaches. All stations are run by our experienced team with all equipment provided, so all you need to do is show up and be ready for fun!

WATER-BASED TOUR HIGHLIGHTS

Make the most of the pristine beaches & crystal clear water on any one of our water-based tours & activities.

Wrecks Guided Snorkel Tour

Dive down and explore the coral formations and meet our diverse marine life that thrive in and around the 15 sunken ships that make up the Tangalooma Wrecks. This all-inclusive tour will be the highlight of any day trip or overnight stay.

Younger students don't have to miss out, as they can join our tailored 'Intro to Snorkel' session within the safety of the beachfront shallows or resort pool.

Kayak/Stand-Up Paddle Boards

Balance out your trip on one of our stand-up paddle boards or kayaks, in a 90-minute activity where students develop their skills, race against different teams & build stronger friendships - all in the safety of the shallows of the beachfront.

Fish Feeding & Sightseeing Cruise

Cruise in and around the Tangalooma shipwrecks, where students will spot wobbegong sharks, turtles, stingrays and see some of the 200 fish species that call the Moreton Bay Marine Park home. The glass bottom boat allows you to see everything in the crystal-clear waters below & is the perfect experience to see what's below without getting wet.

For those wanting a unique experience, our nightly 'Illuminated Wrecks Tour' departs just on sunset to showcase our illusive nocturnal friends who live in and around the wrecks.

Whale Watching Cruise (Jun - Oct)

Hop aboard our dedicated Whale Watch Vessel and journey past Cape Moreton into Moreton Bay where the magnificent humpback whales jump, breach, tail slap & draw a crowd. Students not only learn about the migration patterns of the whales, but also of other marine life such as turtles, dolphins, dugongs & stingrays, also spotted on the tour. This whale watch cruise brings to light the importance of Ecotourism and how business policy and procedures play a vital part in preserving the local environment for generations to come.
