

## Daily Activities

These daily activities are available during your visit or stay at the Resort.

### Dolphin Feeding

The highlight of any visit to Tangalooma is the opportunity to hand feed one of the wild bottlenose dolphins that visit the shores each evening at sunset. You will walk out into knee deep water to feed them. There are a number of these playful creatures that visit regularly, each with their own distinctive and unique personalities. Included in your first night stay.

**Duration** 45 minutes. **Meeting Point** – Jetty.  
Start times vary according to sunset.

### Pelican Feeding

Every morning we feed our Australian pelicans, the world's largest pelican species, from the Tangalooma Jetty. During the feed we will tell you more about these charismatic birds, the cheeky pied cormorants and any other sea and shore birds that are around. On occasions, a whistling kite may catch a fish in mid-flight during the feed. Please note that, being wild animals, sometimes they decide not to show.

**Duration** 20 minutes. **Meeting Point** – 11am @ the Jetty.

### Kookaburra Feeding

Ever wanted to learn more about this iconic Australian bird and meet one (or several!) up close? Come join us for our daily kookaburra presentation just outside the Eco Centre! Please note that these are wild animals, so sometimes they decide not to show! But we will still tell you a lot of fun facts about our feathery friends!

**Duration** 15 minutes. **Meeting Point** – 4.45pm outside the Eco Centre.

## Eco Ranger Presentation & Guided Tours

These presentations can be arranged at an additional cost and must be pre-booked with our Education Team prior to arrival. Talk to us about how we can tailor these presentations to focus on current curriculum topics.

### Discover the World of Dolphins Presentation

Dolphins are intelligent animals that live in complex societies. Learn about the Tangalooma Wild Dolphin Feeding Program, the dolphins' characteristics, family groups and wild dolphin behaviour.

**Duration** 30 minutes.

### Island Explorer Tour

Join an Eco Ranger on a guided educational bushwalk into the National Park to learn about the flora and fauna of Moreton Island, as well as the history of the Island's original indigenous community, and how they used plants for food, shelter and medicine. Learn how coastal sand dunes became sand islands, and how plants survive in such harsh environments. Please bring a hat, sunscreen, a bottle of water and enclosed shoes.

**Duration** 60-90 minutes. **Meeting Point** – At the Eco Centre.

## Eco Ranger Presentation & Guided Tours

These presentations can be arranged at an additional cost and must be pre-booked with our Education Team prior to arrival. Talk to us about how we can tailor these presentations to focus on current curriculum topics.

### Memories of Moreton

Learn about the culture and habits of the Aboriginal people of Moreton Island and how they used the natural resources around them. You will also learn about the history and operations of the Tangalooma Whaling Station and how Tangalooma has evolved from the devastating exploitation of whales, to a sustainable whale watching tourism industry, that supports their conservation.

**Duration** 60 minutes

**Includes** – PowerPoint Presentation (20 mins), Bush Walk (15 mins) and Whaling Station Walk (15 mins)

### Our Coastal Environment

Moreton Bay has an incredibly diverse eco system (home to over 800 dugongs, 2 species of dolphins and 4 species of marine turtles). Yet, it is located close to one of the fastest growing urban areas in Australia and increasingly impacted by human development. Find out what you can do to help Moreton Bay! The group will identify impacts on the marine ecosystems, discuss how what we do on land might affect the oceans, and suggest practical solutions to the problems we face. You will also plant a coastal plant while we discuss why it is important to plants trees along our coastal areas.

**Duration** 60-90 minutes

**Includes** – PowerPoint Presentation (20 mins) and Marine Beach Walk & Tree Planting (30 mins)

### Tangalooma Wrecks Presentation

Learn why the 15 old vessels were scuttled in Moreton Bay and how human induced threats are affecting our coastal reefs. Learn why the increase in residential development and commercial industry around our waterways are also affecting our food chain.

**Duration** 30 minutes

### Back of House and Eco Tourism Tour

Take a peek behind the scenes of a fully operational island resort without any services from the mainland. Learn about the operations and workings of Tangalooma, from water and power use to the usually 'out of bounds' staff quarters. Learn how the Resort became a sustainable eco-tourism business. Please wear enclosed shoes.

**Duration** 60 minutes

### Front of House Tour

This tour is for senior students considering a career in hospitality, tourism or hotel management. Tangalooma's guest services or HR teams will demonstrate how customer-facing departments create a memorable customer experience. Students will learn the basics of the Resort's Reception, Food & Beverage, Guest Services and other departments.

**Duration** 60 minutes
