

KEY SELLING POINTS

With idyllic white beaches, crystal clear blue waters, the most stunning sunsets and only a 75-minute scenic cruise from Brisbane, Tangalooma Island Resort is truly an island paradise in Brisbane's backyard. Offering an incredible selection of unique activities from sand tobogganing and ATV quad bikes to snorkelling the famous Tangalooma shipwrecks, spotting turtles on a clear bottom kayak tour or even a spot of parasailing, Tangalooma has something for everyone. Make sure you don't miss the opportunity to hand feed the wild dolphins who visit the shores each evening at sunset!

HAND FEED WILD DOLPHINS

Guests can enjoy the once in a lifetime opportunity to hand feed wild bottlenose dolphins at sunset. Each evening brings a family of wild dolphins to the beach (adjacent to the Jetty), where they are hand fed by our Dolphin Care team and resort guests (included in most room types & on certain day cruise packages).

TANGALOOMA SHIPWRECKS

The iconic Tangalooma Wrecks comprises 15 boats which were sunk just off the shores of Moreton Island between 1963 and 1984 to create a safe harbour for boats. Now home to a myriad of different species of reef fish, coral formations and marine life, the wrecks offer incredible snorkelling and scuba diving opportunities, making the Tangalooma Wrecks an international must-see attraction. Tangalooma Island Resort offers guests several different tour options to visit the wrecks either from above or below the water to suit all comfort levels.

EXTENSIVE RANGE OF TOURS AND ACTIVITIES

Some of our most popular activities include ATV Quad Bike Tours, Segway Tours, Kayak & Stand-Up Paddleboard Tours, Scuba Diving and Snorkelling the Tangalooma Wrecks, Fishing Tours, Scenic Helicopter Flights and our Desert Safari Tour with sand tobogganing! If guests are looking to explore wider afield, Tangalooma's Northern & Southern Safari 4WD Tours travel to the hidden gems of Moreton Island - including secluded beaches, stunning vistas, breathtaking lookouts and even war relics.
